Enjoy delicious coffees, lattes, cappuccinos, and more with the CX Touch Horizon. Based on reliable, time-proven technology, the Horizon combines PODS of coffee and tea with soluble milk and chocolate powders to create cafe quality drinks.

The CX Horizon utilizes an easy-to-navigate, high resolution touch screen that guides users from drink selection to a delicious drink in under a minute. Bring great tasting coffee choices into your work place with the CX Touch Horizon.

Additional Information

Plug and Play Operation
Simply connect the CX Touch Horizon to a water line, plug in, and enjoy cafe style drinks in minutes.

Energy Saving
Choose from three different power modes to conserve energy during periods of non use: full, semi and off.

Soft Pod Technology
Designed with far fewer materials than plastic pods, soft pods are entirely paper or silk, are compostable, and are sealed in a foil packet to lock in freshness.
