LCD-2

METAL DOOR WITH MEMBRANE SWITCH

Mild or Bold
Hot or Cold

CONSISTENTLY GREAT COFFEE

Newco's LCD-2 liquid coffee dispensers are a great way to deliver consistently delicious coffee at the touch of a button. Our delivery system ensures highly accurate product to water ratios while protecting the extract from air ensuring the integrity of the coffee.

SIMPLICITY

The LCD-2 series delivers hot and fresh coffee at any time of day. Eliminate waste and stale coffee while reducing labor cost and coffee preparation.

METAL DOOR CONSTRUCTION

Only 9.9" wide, 26.07" tall, 16.68" deep. The LCD-2 Metal door with membrane offers a one touch dispense system. The membrane switch allows you a variety of options for each product. Set your product to dispense in sizes or strengths and up to three options per product. A locking cabinet helps increase product security while the large graphic panel promotes a high quality image of your products.
