

20:1 LP3

Features

- Hot Water Faucet can deliver water at any time.
- Digital Time Display lets you know when the coffee will be done.
- The Coffee Ready Light lets you know when it's ready to brew.
- Auto-Arm, our temperature sentry: will only allow brewing to happen at the correct temperature.
- Brewing Light flashes to alert the user that the brewing is in process.
- Power Bar signals that brewer is "On".

The 20:1 LP3 brewer is designed to fit in low clearance spaces while still offering you batch brew capabilities for your customers. These brewers incorporate our advanced solid state brewing and smart technology, a gourmet spray head, 3 independent brew selections, a universal base and a label kit to easily change your selections giving you 20+ options!
