# TECHNICAL DATA & SPECIFICATION

## STREAM

### P.O.U. Water Coolers

#### Cabinet & Chassis:

Sleek and sophisticated cooler design built with ABS plastic front panels and metal side panels for durability.

#### Cold Water Refrigeration Unit:

Convection cooled condenser that is spring mounted and hermetically sealed with automatic overload protector. No lubrication needed.

#### Cold Water Reservoir:

The food grade stainless steel type SUS304, 0.95-gallon (3.6 liter) reservoir provides superior chilling for great tasting water and the polished surface makes for easy cleaning and maintenance.

#### Hot Water Tank:

The 520-watt heating element ensures precise temperature control while the removable thermostat and heating element make for easy service. The food grade stainless steel type SUS304, comes with a 0.32-gallon (1.2 liter) capacity.

In the case of a water leak, the detector will give warning signal shown on LED display.

#### Cooler Dimensions

Height	46.7 in (1185mm)
Width	12.6 in (320mm)
Depth	15.3in (388mm)
Faucet to Top	10.8 in (274mm)
Faucet to Drip Tray	10.3 in (261mm)

#### Cooler Weights

Hot & Cold	44.1 lb (20.0kg)
------------	------------------

#### Shipping Dimensions

Height	49.8 in (1264mm)
Width	15.2in (387mm)
Depth	17.7 in (450mm)

#### Shipping Weights

Hot & Cold	46.3lb (21.0kg)
------------	-----------------

#### Container Loading Quantity

20° FCL	70 Units
40° FCL	290 Units

#### Electrical

115 volts (60 Hertz) or 220 volts (50 Hertz)

#### Refrigerant

All unit contain HFC-134a refrigerant

The open door cabinet allows for ease of filter changes and has a roomy compartment for four inline filter cartridges, booster pump, and solenoid valves.

Specifications are subject to change without notice. Filter System not included with cooler.
