- Flavor syrups are sugar free, gluten free, & no calories

Part #	Height	Width	Depth	Weight
451650	16"	11"	11"	19 lbs.

Newco's NK-TVT digital iced tea brewer with dual dilution and rotating basket designed to brew into Newco's Skinny Tea dispensers. Brew perfectly extracted tea every time ensuring high profits and customer satisfaction.

- TVT control module provides critical control of all brewing functions (Temperature, volume, pre-infusion, pulse brewing, cold brew lock out).
- Easily programmable quick brew or delayed dilution feature.
- Auto warm: prevents brewing when water is below temperature set point.
- Back-up pour in allows for manual brewing of tea.
- Dual dilution: allows two dispensers to be brewed under NK-TVT brewer.
