Large Handle w/ Bonnet Assembly
PN: 104404

Large Handle
PN: 104403

Stay safe with Newco's new No Touch handle. The No Touch handle can replace any Tomlinson faucet on a brewer or dispenser. No need to touch the tap handle to dispense your beverage. Use a cup to press against the new handle to easily dispense coffee or tea.

Add the handles to your order of dispensers or order the Large No Touch handle separately to add to existing Newco products (some assembly required for this option).
