The Bistro Touch brewer includes QR code technology that allows customers to easily choose a beverage, customizing the size and strength of the drink from Newco's web app. Using the web app reduces the touch points on the machine preventing the spread of germs.

The Bistro touch delivers delicious specialty drinks that consumers are looking for by combining on demand coffee with powdered milk and chocolate in a matter of seconds vs. minutes. The Bistro Touch delivers great tasting drinks to any workplace or public environment.

How to Use the QR Code Feature

Place cup on drip tray.

Scan QR code with phone camera app.

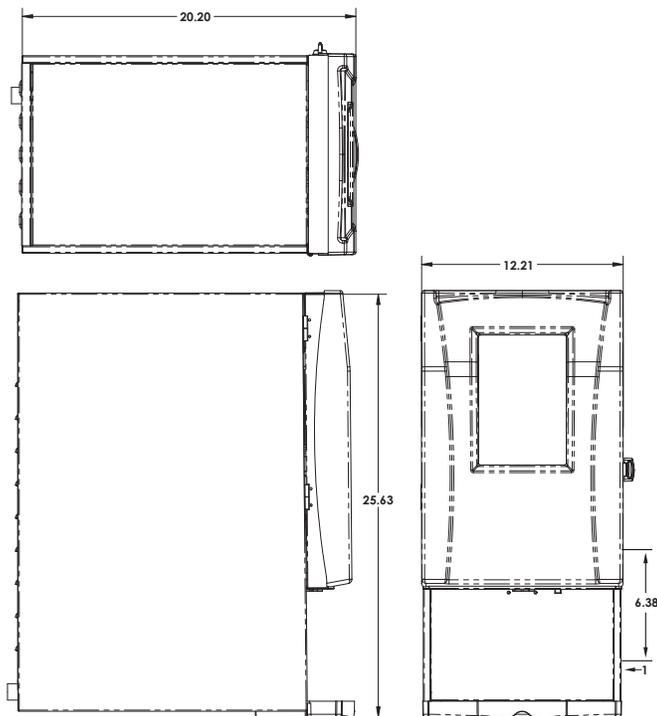

Choose drink from menu and select drink size and strength.

After selecting "Next". A drink QR Code will pop up. Turn drink QR Code to face machine's camera and the machine will begin brewing.

Bistro Touch

Dimensions: 25.6" H , 12.21" W , 20.2" D
