

HAND SANITIZER DISPENSER WITH STAINLESS STEEL FLOOR STAND

TOUCHLESS
SOLUTIONS

Features

- Stainless Steel finished surface.
- Integrated drip tray.
- Private labeling and white sanitize label available
- Motion activated dispenser.
- Refillable Product compartment.
- ON - OFF switch.
- Four C Batteries.
- DC Power Port.

The Stainless Steel Floor Stand creates a convenient and touchless option for high traffic environments. The stand uses motion activated technology to dispense the correct amount of sanitizing liquid.
